

Catheters Designed for Superior Performance

- ▶ Reduces patient risk
- ▶ Precise atraumatic navigation
- ▶ Symmetrical balloon
- ▶ Consistent performance

Syntel[®]

Latex-Free Vascular Catheters

Syntel® Latex-Free Vascular Catheters

The Syntel line of embolectomy and thrombectomy catheters defines a new level of performance, control, and reliability in vascular catheters.

Effective Clot Removal

Non-latex symmetrical balloon maintains a cylindrical shape for improved clot management

Reduced intimal trauma

Shaft design ensures stability in center of vessel to minimize potential damage to the vessel intima

Precise atraumatic navigation

Flexible tip and traction balloon offer tactile feedback

Reduced potential for distal emboli

Superior non-fragmenting balloon enhances clinical outcomes
